

THE VILLAGE OF CATSKILL: A WATERFRONT-AND-CENTER EXPERIENCE

The Hudson River has always played an important role in Catskill. When the artist Thomas Cole first traveled up the river by steamboat in 1825 to the landing at the end of Main Street (where the Historic Catskill Point and Frank Guido's Port of Call Restaurant sit today), he fell in love with this picturesque village that is surrounded by water on three sides. In the years that followed, artists from around the world were drawn to Catskill's sweeping views and painted some of the world's most famous landscapes.

Today, the peaceful and artsy Village of Catskill welcomes you with a well-preserved 19th-century Main Street filled with shops and galleries, waterfront restaurants, river activities including fishing and boating, a nature preserve with Bald Eagles, and a National Historic Site where American art began.
